ISUZU GENUINE DIESEL FUEL SYSTEM CLEANER

## **DIESEL FUEL SYSTEM CLEANER**

### **BENEFITS**

- Improves fuel economy
- Improves particulate filter regeneration
- Improves engine performance
- Lowers harmful emissions
- Cleans and lubricates injectors
- Removes buildup of carbon deposits throughout the fuel system

### **SAVE MONEY**

Isuzu Genuine Diesel Fuel System Cleaner is recommended twice a year unlike other cleaners that are recommended four to six times per year. Our cleaner helps reduce the chance of unnecessary fuel system repairs which means less downtime.

### **TREATMENT CYCLE**

Simply add one can of Isuzu Genuine Diesel Fuel System Cleaner to a full tank of fuel after every fuel filter service. Our cleaner begins treating the fuel in the tank and all fuel supply components while you drive.

## **FUEL FILTER REPLACEMENT**

**Primary and Secondary Fuel Filter Replacement**

**Includes Isuzu Genuine Diesel Fuel System Cleaner**
